

No Labs but E&H practical conducted in Schools

SCHOOL NAME - + 2 HARISHANKAR SINGH HIGH SCHOOL ,SHARMAPUR (SAHIBGANJ)

VTP - QUESS CORP LIMITED

VT NAME - SUNIL KUMAR PANDEY

EXPERIMENT - Parallel and series A.C connection

Summary :

Without lab Vocational Trainer self arranged all equipment and practice parallel and series A.C connection experiments with our 35 Electronics and hardware students enrolled in class 9th .

Student very curious knowing the practical session, during session student are many more question raised other queries regarding parallel A.C series connection .

Benefits :

Student knowing basic theory of house wiring , printed circuit board , inverter connection ,stabilizer connection , R.O power connection and cut board switch . (student feedback is very satisfactory)

School feedback :

Mr. Pawan kumar saha is principal of +2 Harishankar Singh High School ,Sharmapur (Sahibganj) principal very supportive and innovative and he is saying regarding NSQF Project .this is very good

initiative project by our Jharkhand governments, And due to vocational education student technical knowledge is enhance basic level .
